# BLOW

Don't flurry, this event helped Calgarians unwind this winter by playing a game designed to melt away stress. Let It Blow used bingo as a framework to encourage the Calgary community to try self-soothing techniques to keep cool, calm, and collected.

Participants grabbed a Brrr-Bingo game card at one of the participating businesses to partake in the FREE, family-friendly Chinook Blast event. They braved the cold and stopped by CRATE's pop-up booth to craft a Just Brrr-Breathe critter to discover how a blast of air can help you chill out.

# Public Events

Let It Blow consisted of the following public events:

**Let It Blow Brrr-Bingo** Participants picked up a Let It Blow Brr-Bingo game card at participating Brr-Businesses, who were invited to participate and provided with scratch game cards and posters to promote Let It Blow.

Brrr-bingo Card Design Specs: Full colour print on 4" x 6" cardstock with each bingo square featuring scratch-off material (via [justscratchit.com](http://justscratchit.com)).

How It Was Played: Participants were invited to scratch off one of 24 standard bingo squares and complete the corresponding chill activity. To get a *whiteout*, participants needed to complete all the activities. For a bonus play, they could visit the Let It Blow pop-up booth to scratch all 7 Let It Blow squares if they completed the activity.

**Let It Blow Pop-up Activity: Just Brr-Breathe** The YYC community was encouraged to stop by CRATE's pop-up booth to craft a Just Brrr-breathe critter, using the supplied art materials to craft a creature that took flight. The functional art piece demonstrated how your breath can act as an anchor to self-regulate and pull you back into the present moment.

# Successes

**2414 Brr-Bingo Cards** were distributed thanks to the support of 15 Brr-Business Partners and 14 additional NYC Organizations who stocked up on cards to share with members of their community.

Participants included kids and kids-at-heart who crafted approx. **502 Just Brr-Breathe Critters**.

A total of **12 Girl Guides of Canada members** worked **57.5 hours** at the Let It Blow Pop-Up, helping the public craft Just Brr-Breathe Critters.

Let It Blow provided an opportunity to give back to the community. Members of Girl Guides of Canada supported the Let It Blow Pop-up booth in exchange for a \$15 donation rate for each hour worked, which equated to a **donation of \$862.50**.

Thanks to the support of Blackbird Healing Arts, the Let It Blow Pop-Up had a certified art therapist on site for all 6 days.

The creativity of the booth workers helped to add to the overall fun. Including crafting event signage out of post-it notes, floor targets, and hand-printed "you hit the target" awards.

Spontaneous joint partnership with Sparrow Artspace's artists-in-residence Stephanie Jager & Julya Hajnoczky added a Bonus Brr-Bingo chill activity to the Let It Blow event.

The opportunity to utilize space in The Calgary Public Library proved successful. The positive response from The Calgary Public Library patrons enabled CRATE to facilitate a free Valentine's Day pop-up "art as therapy" activity.
